

**WESEM**

*additional lamps*

Ø 152

**H03**

*halogen fog lights  
and driving lights*

*watertightness IP55*

*compact construction*

*black or chrome plated*

### Construction and parameters

#### Application

To be mounted on front parts of cars or trucks.

#### General information

All metal parts are galvanized with a generous zinc coating to ensure corrosion resistance.

The metallic coating is treated with silicone varnish and silicon for protection.

#### Detailed information

##### Construction:

- metal reflector
- black plastic housing (optional)
- plastic housing - chromium plated (optional)
- glass lens
- stone guard made of plastic (optional)
- wiring with seal, tipped with F2,5 and A2,5 terminals
- mounting bracket
- bulb (optional)

##### Lens colour

Driving lights are manufactured with clear or blue lens.

##### Additional features

Mounting and adjustment system permits easy and accurate 3D aiming. In chrome plating version the plastic grip is steel-reinforced.

##### Bulbs

Fit bulbs type:  
H3 12V 55W or H3 24V 70W

##### Additional equipment

- Full lens cover - catalogue number A.25380
- Stone guard - catalogue number A.37700

##### Parameters

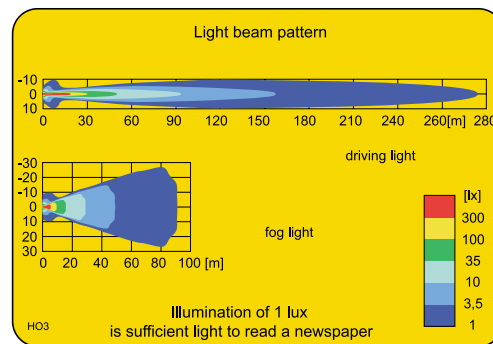

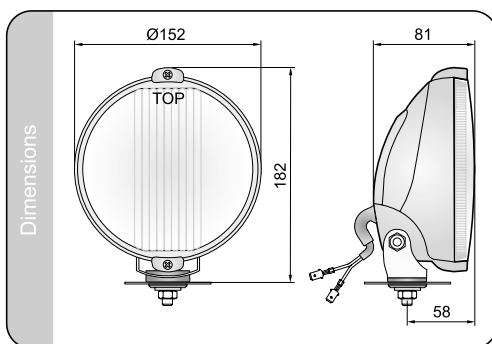

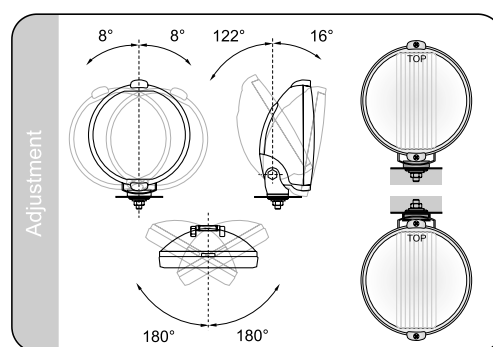

Watertightness IP55.  
The driving light guide number which specifies the light's maximum candle power is 20 (it is about 100 lx within distance of 25 m).

##### Mounting methods

Can be mounted on a vehicle as vertically standing or pendent mounting.
